

# WAIRARAPA COLLEGE

## SLC

**RL System:** Ultratherm MSR  
**Project Size:** 400m<sup>2</sup>  
**Location:** Wairarapa  
**Project Date:** 2022

**Architect:** S&T  
**Contractor:** Holmes Construction  
**Installer:** Tararua Roofing

### PROJECT DESCRIPTION

Whare Āwhina Supported Learning Centre (SLC) offers a range of programmes for students with special needs. These include the core subjects of Literacy, Numeracy, Physical Education, the Arts, and Inquiry. Whare Āwhina also runs the South Pacific Education Courses (SPEC) programmes, which provide the students with learning experiences that focus on the Key Competencies and developing self-directed learning.

One of the most notable design features of the Whare Awhina facility is the complex euro style spanlok exterior cladding on a warm building system. RoofLogic provided the facade and roof systems for this project.

### SPECIFIED ROOFLOGIC SYSTEM

RoofLogic's Ultratherm MSR system:-

Facade

- RL VCL
- RL PIR Board
- RL Underlay
- Rhom Rail + VTB
- RL Spanlok Cladding

Roof

- RL LinerDeck
- RL VCL
- RL PIR Board
- RL Underlay
- RL TopDeck
