

WESTLAND

RECREATION CENTRE

RL System: Ultratherm MSR
Project Size: 2,200m²
Location: Greymouth
Project Date: 2015

Architect: BOON Architects
Contractor: CYB Construction
Installer: SWP Commercial

PROJECT DESCRIPTION

Serving Greymouth and the wider region a new multi-use sports stadium with linked conference rooms and administrative facilities is the latest addition to the Westland Recreation Centre Sports Hub.

RoofLogic worked closely with the project architects to specify a high performance roof system that was to remain visible internally. The roof system needed to provide high levels of thermal performance whilst being durable enough to cope with the sometimes challenging local environment.

SPECIFIED ROOFLOGIC SYSTEM

RoofLogic's Ultratherm MSR system:-

- RL LinerDeck
- RL Vapour Control Layer
- RL PIR Board
- RL TopDeck T
