**Location:** Wellington  
**Project Date:** 2018

**Architect:** Archaus Architects  
**Contractor:** Arrow International  
**Installer:** SWP Commercial

### PROJECT DESCRIPTION

Rydges Hotel Wellington Airport is the first hotel in New Zealand fully connected and integrated with an airport terminal, making it the perfect choice for travelers looking for convenient access to Wellington. This 4-star hotel features 134 elegantly designed and comfortable rooms, catering to both business and leisure guests.

The architects, prioritising quality and durability, selected RoofLogic's Ultratherm Xtreme with FiberTite for this \$36 million project, ensuring the hotel's durability for many years to come.

### SPECIFIED ROOFLOGIC SYSTEM

RoofLogic's Ultratherm Xtreme (FiberTite) system:-

- RL Structural Steel Base Deck
- RL Vapour Control Layer
- RL PIR Board
- RL Roof Board (HDP)
- FiberTite KEE Membrane
